Roll Number	Project	v1 (Feature + Description)	v2 (Feature + Description)	v3 (Feature + Description)
23MIS0001	Student Management	Add/View – Enter and display student details	Edit/Delete – Modify or remove records	Search – Find students by name/ID
23MIS0021	Attendance System	Mark – Record daily attendance	View – Display attendance list	Report – Show summary of attendance
23MIS0023	Online Exam	MCQ Quiz – Conduct simple test	Auto Score – Calculate marks automatically	Result – Display final score
23MIS0026	Course Registration	Add Courses – Create course list	Register – Enroll students	View – Show registered courses
23MIS0028	Grade System	Enter Marks – Input subject marks	Calculate – Compute total/average	Grade – Display grade result
23MIS0034	Fee System	Add Payment – Record fee details	View Dues – Show pending fees	Report – Display fee summary
23MIS0045	Feedback System	Submit – Enter feedback	View – Display all feedback	Filter – Sort feedback entries
23MIS0048	Library System	Add Books – Store book data	Issue – Assign book to student	Return – Mark book returned
23MIS0057	LMS	Upload Notes – Add study material	View Notes – Display materials	Download – Save files locally
23MIS0069	Profile System	View – Show user details	Edit – Update information	Upload Photo – Add profile image
23MIS0072	Hospital System	Add Patient – Register patient	View – Display patient list	Delete – Remove patient record
23MIS0075	Appointment System	Book – Schedule appointment	View – Show bookings	Cancel – Remove appointment
23MIS0126	Patient Records	Add – Store patient history	Search – Find records	Update – Modify details
23MIS0160	Medical Store	Add Medicine – Enter stock	Update – Modify quantity	View – Show inventory
23MIS0161	Health Tracker	Enter Data – Input health values	View – Display records	Chart – Show simple graph
23MIS0164	Pharmacy System	Add Items – Store medicines	Billing – Generate bill	View Bill – Display bill details
23MIS0165	Telemedicine	Book – Schedule visit	History – View past visits	Notes – Add consultation notes
23MIS0175	Blood Bank	Add Donor – Store donor data	Search – Find donors	Delete – Remove donor
23MIS0178	Disease Tracker	Add Cases – Enter case data	View – Display cases	Filter – Sort by location/date
23MIS0181	Insurance System	Add Claim – Submit claim	View – Display claims	Update – Change status
23MIS0192	Shopping App	Show Products – Display items	Add Cart – Add products	Remove – Delete items from cart
23MIS0211	Product Catalog	Add Product – Insert items	View – Display list	Search – Find products
23MIS0218	Cart System	Add – Insert item	Update – Change quantity	Total – Calculate price
23MIS0226	Order System	Place – Create order	View – Display orders	Cancel – Remove order
23MIS0257	Payment System	Enter – Input payment	Validate – Check details	Receipt – Show confirmation
23MIS0267	Marketplace	Add Seller – Register vendor	Add Product – Upload items	View – Show all products
23MIS0269	Coupon System	Add – Create coupon	Apply – Use coupon	Validate – Check validity
23MIS0275	Inventory System	Add – Insert stock	Update – Modify stock	Alert – Show low stock
23MIS0279	Review System	Add – Submit review	Edit – Modify review	Delete – Remove review
23MIS0281	Wishlist	Add – Save item	Remove – Delete item	View – Display wishlist
23MIS0309	To-Do App	Add – Create task	Complete – Mark done	Delete – Remove task
23MIS0342	Task Manager	Add – Create task	Update – Change status	View – Display tasks

23MIS0358	Notes App	Add – Create note	Edit – Modify note	Delete – Remove note
23MIS0369	Expense Tracker	Add – Record expense	View – Show expenses	Total – Calculate sum
23MIS0372	Calendar	Add Event – Create event	Edit – Modify event	Delete – Remove event
23MIS0373	Habit Tracker	Add – Create habit	Track – Mark completion	View – Show progress
23MIS0375	Reminder	Add – Set reminder	Notify – Show alert	Delete – Remove reminder
23MIS0380	Time Tracker	Start/Stop – Track time	View – Show logs	Total – Calculate hours
23MIS0383	Goal Tracker	Add – Create goal	Update – Modify goal	View – Show progress
23MIS0402	Journal	Write – Add entry	Edit – Modify entry	Delete – Remove entry
23MIS0405	Employee System	Add – Insert employee	View – Display employees	Delete – Remove employee
23MIS0414	Payroll	Add Salary – Enter data	Calculate – Compute salary	Payslip – Display slip
23MIS0425	Leave System	Apply – Request leave	Approve – Accept leave	Reject – Deny leave
23MIS0427	Project Tool	Add Project – Create project	Add Task – Assign task	View – Show tasks
23MIS0439	CRM	Add Customer – Store info	View – Display data	Update – Modify details
23MIS0446	Help Desk	Create Ticket – Raise issue	View – Display tickets	Close – Resolve issue
23MIS0448	Asset System	Add Asset – Store item	View – Display assets	Delete – Remove asset
23MIS0454	Sales System	Add Sale – Record sale	View – Show sales	Total – Calculate revenue
23MIS0475	Analytics (Simple)	Add Data – Input values	View – Display data	Chart – Simple graph
23MIS0478	Invoice System	Create – Generate invoice	Edit – Modify invoice	View – Display invoice
23MIS0479	Chat App	Send – Add message	View – Display messages	Delete – Remove message
23MIS0489	Notification	Add – Create alert	View – Show alerts	Delete – Remove alert
23MIS0493	Blog	Add Post – Write content	Edit – Modify post	Delete – Remove post
23MIS0508	Social App	Add Post – Share content	Like – React to post	Comment – Add comment
23MIS0513	URL Shortener	Add URL – Input link	View – Show short link	Redirect – Open original
23MIS0530	File System	Upload – Add file	Download – Retrieve file	Delete – Remove file
23MIS0534	Multi-page App	One Page – Basic UI	Two Pages – Add page	Navigation – Link pages
23MIS0549	Recommendation	Show List – Display items	Filter – Apply condition	Sort – Order results
23MIS0565	Quiz App	Add Quiz – Create quiz	Attempt – Take quiz	Score – Display result
23MIS0584	Multi-module App	Module 1 – Basic feature	Module 2 – Add feature	Connect – Link modules
23MIS0597	Contact Management System	Add Contact – Store name, phone, email	Edit/Delete – Update or remove contacts	Search – Find contacts easily
23MIS0611	Simple Voting System	Add Candidates – Enter candidate names	Vote – Cast a vote	Result – Show vote count
23MIS0615	Parking Management System	Add Vehicle – Record vehicle entry	Exit Vehicle – Record exit time	View Records – Display parking history
23MIS0621	Complaint Management System	Register Complaint – Submit issue	View Complaint – Track complaints	Update Status – Mark resolved/pending
23MIS0633	Event Registration System	Create Event – Add event details	Register User – Enroll participants	View List – Display registered users

23MIS0649	Password Manager (Basic)	Add Credentials – Store login details	View Credentials – Display saved data	Delete Credentials – Remove entries
23MIS0659	Quiz Question Bank System	Add Questions – Store questions	Edit/Delete – Modify question bank	View Questions – Display list
23MIS0687	Movie List Application	Add Movies – Store movie name and details	View Movies – Display list of movies	Delete Movie – Remove a movie from list
23MIS0694	Simple Polling App	Create Poll – Add question with options	Vote – Select an option	Results – Show voting results
23MIS0696	Book Reading Tracker	Add Book – Record books read	Update Status – Mark reading progress	View List – Display all books

The application must be developed in three versions (v1, v2, v3).
Each version must be:

Developed in VS Code
Pushed to GitHub (separate commits/branches)
Built using Jenkins pipeline
Containerized using Docker (tagged v1, v2, v3)
Pushed to DockerHub
Deployed in Kubernetes as 3 separate deployments/services
Accessible via localhost (different ports)
